Dear Paul,

We were thrilled with your great performance at our Mother/Daughter Banquet. We had so many great comments on it. The kids were fascinated and the adults were amazed (and still are). You were just great and you brought smiles to both the young and old. A very entertaining evening. We would highly recommend you to anyone looking for a "fun time"- for young, middle age or older.

Thank you again for giving us a great evening with "Magical Paul".
