Paul Steger  
N6272 1070th St.  
River Falls, WI 54022

Dear Paul:

We were so pleased to be able to present your performance at the Northern Lakes Center for the Arts. Our audience loved your show and I am sure we will have you in a return engagement at some future date. I received much positive feedback from audience members:

1. As you were well aware, our audience included a wide age range, from very young people to senior citizens. All were very delighted with your performance and I received many positive remarks relating your show's wide appeal. The audience response was obviously engaged and involved with you throughout your act.
2. Everyone was also struck by the high level of professionalism within your performance, both within the quality of the magic itself as well as within your accompanying humor and comments.
3. One family was so impressed with your presentation that they gave the Center for the Arts a \$250 donation to assure that we continue with similar performances.

I wish you continued success as you perform throughout western Wisconsin. Please do not hesitate to use us as a reference for your performances. Thank you.

Sincerely,

LaMoine MacLaughlin, Executive Director
