A Review of a Magical Performance

Magical Paul performed two shows at our elementary school as the kick-off events for the annual Prescott Public Library Summer Reading Program. Over 700 children laughed and clapped their way through these wonderful magic shows. The clever rope tricks, the disappearing doves, the card tricks, and the funny balloon animals amazed children and teachers alike! As the sponsor of the show I was especially pleased that children of all ages equally enjoyed the show – from kindergarten through 6th grade. This is not an easy accomplishment for any performer, but Magical Paul carried it off! On the practical side, Paul was easy to work with, provided excellent publicity materials, and arrived at the show early. I highly recommend Magical Paul for any special event.
