Dear Paul,

Just a note to thank you for the wonderful program you did for us on the 10th. This years summer reading program was our best ever and I know that the excitement of your magic show was a great incentive to keep the kids excited and to finish the program with some fun!

Let me say that your show was simply a delight! I feel that it was entertainment for all ages, from the youngest to the oldest in the audience. I've had several parents call and thank me personally for your delightful show, which they saw as wholesome entertainment for the whole family, so it is only fair that I pass on the accolades to you.

I would not hesitate to recommend your magic show to anyone looking for family entertainment that is a value for the money. Thanks again, we had a wonderful time!

Most Sincerely Yours,
